"NIGHT SKY OBSERVATION"

Astrophysics & Astronomy Olympiad

Camp in Odisha

23rd March 2023

Organised By:

SUBHADRA CHARITABLE TRUST

The Night Sky Observation organized by **Subhadra Charitable Trust** at Cohen International School in Jatni, Bhubaneswar, in March 2023 was a captivating event facilitated by **Ajit Mohan Srivastava**, a retired Professor from the Institute of Physics (IOP) in Bhubaneswar, **Dr Vinita Navalkar** from university of Mumbai, **Dr. Jayant Gangopadhya** from Regional Science Centre, Culicut .

Attendees were treated to a mesmerizing journey through the celestial wonders, as they peered through telescopes to explore the night sky. Under Srivastava's guidance, participants were able to witness the awe-inspiring beauty of distant galaxies, shimmering star clusters, and the majestic planets of our solar system.

Through the powerful lenses of the telescopes, attendees gained a deeper understanding of the cosmos and the vastness of space. The event provided a unique opportunity for both astronomy enthusiasts and curious minds to marvel at the wonders of the universe and foster a sense of wonder and appreciation for the night sky.

Overall, the Night Sky Observation organized by Subhadra Charitable Trust was a memorable and educational experience that left participants with a newfound appreciation for the celestial marvels above.

Dr Vinita Navalkar from university of Mumbai
Dr. Jayant Gangopadhya from Regional Science Centre, Culicut with organizing Team

Participants exploring the sky with Dr. Vinita Navalkar

Future Astro Scientists Enjoying Jupiter

Participant from Boudh Obseving Moon

Raj Narayan From Titlagarh Observing Mercury

Sushree From Keonjhar Observing Jupiter

Participants Observing Venus

Bhumi From Jaleswar Observing Uranus

Pabitra From Kendrapara Observing Saturn

Sanjeev From Balasore Observing Neptune

Participant With Astro Scientist Prof Mayank Vahia, TIFR Mumbai
